WHAT IS AMMONIASPORT?
Ammonia inhalants, also known as smelling salts, are chemical compounds used for arousing consciousness. Ammonia inhalants have been used by a wide variety of professional and collegiate level athletes for years. This ammonia inhalant is designed to boost performance in sports!

HOW IT WORKS:
The combination of chemicals mix and release small amounts of ammonia gas. The ammonia irritates the blood vessels in the nasal passages providing an instantaneous boost of strength, energy, and focus. Ammonia inhalants are legal and safe!

WHO IS AMMONIASPORT FOR?
★ Athletes ★ Weight Lifters ★ Fitness Enthusiasts

CAUTION:
The use of AmmoniaSport to revive people injured during sports is not recommended. It may inhibit or delay a proper and thorough neurological assessment by a healthcare professional such as after concussions.
