ORAL SALINE LAXATIVE CHERRY LAXATIVE

Drug Facts

<i>Active ingredients (in each tablespoon)</i>	<i>Purpose</i>
Dibasic Sodium Phosphate 2.7g	Saline laxative
Monobasic Sodium Phosphate 7.2g	Saline laxative

Use

- relieves occasional constipation
- this product generally produces bowel movement in 30 minutes to 6 hours

Warnings

Dosage Warning

Taking more than the recommended dosage in 24 hours can be harmful.

Do not use

- if you have a previous kidney problem, congestive heart failure, impaired renal functions, decreased intervascular volume, dehydration, or uncorrected electrolyte abnormalities
- in children under 6 years old
- for bowel cleansing

Ask a doctor before use if you

- have abdominal pain, nausea, or vomiting
- have kidney disease
- have heart problems
- have a sudden change in bowel habits lasting more than 2 weeks
- have already used a laxative for more than 3 days
- are dehydrated
- are 55 years of age or older
- are on a sodium-restricted diet
- under a doctor's care for any medical condition
- are taking any other prescription or non-prescription medications

Ask a doctor or pharmacist before use if you are taking any other drug. Take this product two or more hours before or after other drugs. Laxatives may affect how other drugs work.

When using this product

- **do not use more than directed. Serious side effects may occur from excess dosage.**
- do not use for more than 3 days, without asking a doctor

Stop use and ask a doctor if

- you have rectal bleeding
- you do not have a bowel movement within 6 hours
- you have any symptoms that your body is losing more fluid than you are drinking
- you have early symptoms of dehydration including
 - thirstiness
 - dizziness
 - urinating less often than normal
 - vomiting

These symptoms may indicate a serious condition.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away: 800-222-1222.

Directions (or as directed by a doctor)

- **Use as a laxative for relief of occasional constipation**
- **Dilute dose in the table below** with one glass (8 fl oz) of cool water. Drink, then follow with at least one additional glass (8 fl oz) of cool water. **There is significant loss of fluid when using this product.** To prevent dehydration, drink plenty of clear liquids after use.
- **Do not use for bowel cleansing**
- **There are 3 teaspoons in 1 TABLEspoon**
- **Do not take more unless directed by a doctor. See Warnings**
