Helps to prevent sunburn

For external use only.

- if you are allergic to any of the ingredients
- on damaged or broken skin
- keep out of eyes. Rinse with water to remove.
- rash or irritation develops and lasts.

If swallowed, get medical help or contact a Poison Control Center (1-800-222-1222) right away.

- Apply liberally onto the cleansed entire face and neck 15 minutes prior to sun exposure.
- Reapply as needed or after towel drying, swimming, or sweating.
- Reapply at least every 2 hours: "Sun Protection Measures." Spending time in the sun increases your risk of skin cancer and early skin aging. To decrease this risk, regularly use a sunscreen with a Broad Spectrum SPF value of 15 or higher and other sun protection measures including: limit time in the sun, especially from 10 a.m. - 2 p.m.; and wear long-sleeved shirts, pants, hats, and sunglasses.
- Children under 6 months: Ask a doctor.
- Store in a cool dry place away from direct sunlight.
- "Sun alert: Limiting sun exposure, wearing protective clothing, and using sunscreens may reduce the risks of skin aging, skin cancer, and other harmful effects of the sun."
