sun protection measures

spending time in the sun increases your risk of skin cancer and early skin aging. to decrease this risk, regularly use a sunscreen with a broad spectrum SPF value of 15 or higher and other sun protection measures including limit time in the sun especially from 10 am to 2 pm, wear long sleeved shirts, pants, hats and sunglasses

protect the product in this container from excessive heat and direct sun

Soft natural matte foundation

Specially created with our patented, fine, oil absorbing powder, this lightweight formulation glides on effortlessly to ensure shine breakthrough is controlled and your colour remains true all day. The unique mattifying formula ensures pores are less visible, whilst Salicylic acid helps fight against bacteria, which cause spots. Also contains our powerful antioxidant complex and SPF 15 that will help protect against the ageing effects of the sun if the product is used as directed with other sun protection measures. For best results blend smoothly and evenly with your fingers or a sponge. Hypo-allergenic because all skin can have sensitive moments, all our foundation products are hypo-allergenic using ingredients we know and trust.
