BACICAP is an orally administered prescription probiotic formulation for the clinical dietary management of suboptimal nutritional status in patients where advanced supplementation is required and nutritional supplementation in physiologically stressful conditions for maintenance of good health is needed.

BACICAP should be administered under the supervision of a licensed medical practitioner.

BACICAP is manufactured in accordance with Current Good Manufacturing Practice for foods, using ingredients that have been approved by the U.S. Food and Drug Administration (FDA) as food additives or are Generally Recognized as Safe (GRAS) for their intended use.

DOSAGE

Usual adult dose is 1 capsule once or twice daily, or as prescribed by a licensed medical practitioner.

If you are pregnant or nursing, ask a healthcare professional.

BACICAP should be administered under the supervision of a licensed medical practitioner.

DIRECTIONS FOR USE: Take as directed by a healthcare professional.

SAFE HANDLING

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

BACICAP capsules should only be used under the direction and supervision of a licensed medical practitioner. Use with caution in patients that may have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications.

KEEP OUT OF REACH OF CHILDREN

STORAGE

Store at 20°-25°C (68°-77°F); excursions permitted to 15°-30°C (59°-86°F) [See USP Controlled Room Temperature.]
