

TALIVA- folic acid, pyridoxine hydrochloride, cyanocobalamin, doconexent, icosapent, omega-3 fatty acids, and .beta.-sitosterol capsule, gelatin coated
Taleos Pharma

TALIVA Softgels

Rx Only

DESCRIPTION

TALIVA is a prescription multi-vitamin in the form of a red, opaque softgel.

INDICATION AND USAGE

TALIVA is a prescription multi-vitamin supplement with DHA and EPA that can be taken to improve nutritional status in conditions requiring Essential Fatty Acid, Vitamin B12 and B6 and Folic Acid supplementation capsule.

CONTRAINDICATIONS

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

WARNING

Folic Acid in doses above 0.1 mg daily may obscure pernicious anemia in that hematological remission can occur while neurological manifestations remain progressive. Folic Acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B12 is deficient.

Ingestion of more than 3 grams of omega-3 fatty acids per day has been shown to have potential antithrombotic effects, including increased bleeding time and INR. Administration of omega-3 fatty acids should be avoided in patients on anticoagulants and in those known to have an inherited or acquired bleeding diathesis.

KEEP THIS AND ALL MEDICATIONS OUT OF THE REACH OF CHILDREN.

PRECAUTIONS

Folic Acid in doses above 0.1 mg daily may obscure pernicious anemia in that hematological remission can occur while neurological manifestations remain progressive.

ADVERSE REACTIONS

Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

DOSAGE AND ADMINISTRATION

Adults

One to four softgels orally daily or as directed by a physician.

Supplement Facts

Serving Size: 1 Softgel

**Servings per
Container: 60**

Amount Per Serving

Folic Acid (as Folic Acid - AbsoFol™)*	1mg
Vitamin B6 (as Pyridoxine HCl)	12.5mg
Vitamin B12 (as Cyanocobalamin)	0.5mg
Omega-3 Acids	500mg
Doconexent (DHA)	350mg
Icosapent (EPA)	35mg
Beta-sitosterol	200mg

* AbsoFol™, under exclusive license, is trademark of Taleos Pharma Corp. (patents pending)

STORAGE

Store at 20° - 25°C (68° - 77°F); excursions permitted to 15° - 30°C (59° - 86°F) [See USP Controlled Room Temperature.]
