Purpose

Purpose

Temporary relief from symptoms of vaginal yeast infections

Uses For the temporary relief of symptoms associated with vaginal yeast infection, including;

- itching
- burning
- irritation

Warnings

For vaginal use only. Use only as directed.

Do not use if you have never had a vaginal yeast infection diagnosed by a doctor.

Stop use and ask a doctor if:

- Symptoms last more than 7 days
- You get a rash or hives, abdominal pain, fever, chills, nausea, vomiting, or foul-smelling vaginal discharge.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Ask a doctor before use if you have

- Vaginal itching and discomfort for the first time
- Lower abdominal, back or shoulder pain, fever, chills, nausea, vomiting, or foul-smelling vaginal discharge. You may have a serious condition.
- Vaginal yeast infections often (such as once a month or 3 in 6 months). You could be pregnant or have a serious underlying medical cause for your symptoms, including diabetes or a weakened immune system.
- Been exposed to the human immunodeficiency virus (HIV) that causes AIDS
- You have an STD (sexually transmitted disease) or PID (Pelvic inflammatory disease)
- You have frequent and painful urination

When using this product

- if you do not get complete relief ask a doctor before using another product,
