ANIMAL PHARMACEUTICALS - MAX CHLORHEXIDINE (68898-112)

Active Ingredients Purpose

Chlorhexidine Gluconate, USP..... 4% (w/w) Antibacterial

MAX Chlorhexidine 4% SHAMPOO

Drug Facts	
Active Ingredient	Purpose
Chlorhexidine Gluconate, USP 4% (W/W).....	Antibacterial
Uses a medicated shampoo with broad spectrum antimicrobial activity for dogs, cats and horses.	
Warnings • For Animal Use Only • Consult your veterinarian before use Ask a veterinarian before use if your animal is using any other medications.	
When using this product ■ use only on dogs, cats and horses ■ use topically only ■ avoid contact with eyes and mucous membranes	
Keep out of reach of children. In case of contact with eyes or mucous membranes, flush with copious amounts of water for 5-10 minutes. If irritation persists seek medical attention immediately.	
Directions Wet the hair coat with warm water and apply a sufficient amount of shampoo to create rich lather. Massage medicated shampoo into wet hair coat, lather freely. Rinse and repeat. Allow to remain on hair coat for 5 to 10 minutes, then rinse thoroughly with clean water.	
Other information ■ store at room temperature (59°F - 86°F). ■ store in a cool dry place.

At Animal Pharmaceuticals we strive to provide the best nutritional and topical treatments for your pet by going above and beyond...and we don't stop there. We know that caring for your pet is just as important as caring for your own health, so we've developed and implemented systems that make things easier on you and convenient for your Veterinarian.

PHARMASOME TECHNOLOGY
Retrieving and sustaining the most nutrients and healthful ingredients is the foundation for this technology. Phasosomes enhance the effects of the functional ingredients. The nano-sized Phasosome particles encapsulate functional ingredients, adhere to the surface and penetrate through skin, and thus carry the ingredients to areas where they can exert their effects efficiently. Additionally and as always you'll find that all of our bottles and containers are made of recyclable plastic. Please help us help the environment by recycling.
