The Skin Cancer Foundation's Seal of Recommendation is granted to sun protection products that have met the stringent criteria of an independent photobiology committee. It's a symbol of safe and effective sun protection that is recognized by consumers worldwide. Products with "Active" seals should protect from extended sun exposure.

up & up® kids' sunscreen sticks provide broad spectrum protection from the sun's harmful UVA and UVB rays. This sunscreen formula applies easily and quickly and is sensitive enough for your child's skin. To ensure complete coverage, make sure you use on the ears and nose as these areas are fully exposed.
