

MEDI-FIRST HYDROCORTISONE 1%- hydrocortisone acetate cream
MEDI-FIRST 1% HYDROCORTISONE- hydrocortisone acetate cream
Unifirst First Aid Corporation

Medi-First 1% Hydrocortisone Cream

Drug Facts

Active ingredient

Hydrocortisone acetate (equivalent to Hydrocortisone 1%)

Purpose

Anti-itch cream

Uses

- for the temporary relief of itching associated with minor skin irritations and rashes
- other uses of this product should be only under the advice and supervision of a doctor

Warnings

For external use only.

Do not use for the treatment of diaper rash. Consult a doctor.

When using this product

- avoid contact with eyes
- do not begin use of any other hydrocortisone product unless you've consulted a doctor

Stop use and ask a doctor if

- condition worsens
- symptoms persist for more than 7 days
- condition clears up and occurs again within a few days

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 2 years of age and older: apply to the affected area not more than 3 to 4 times daily
- children under 2 years of age: do not use, consult a doctor

Other information

- clean the affected area
- store at room temperature (do not freeze)
- tamper evident. Do not use any opened or torn packets
- you may report a serious adverse reaction to this product to 800-634-7680

Inactive ingredients

cetyl alcohol, citric acid, diazolidinyl urea, edetate disodium, glycerin, glyceryl monostearate, methylparaben, mineral oil, polyethylene glycol, propylene glycol, propylparaben, stearic acid, trolamine, water
