-----

### **Emergency First Aid Eyewash Purified Water**

#### **Active Ingredient**

Purified Water 99.1 %

#### **Purpose**

Emergency First Aid Eyewash

#### **Use**

- For flushing the eye to reduce chances of severe injury caused by acid, alkali, or particulated contamination.

#### **Warnings**

**☐For external use only.**

#### **Do not use**

- for injection
- in intraocular surgery internally
- internally
- if solution changes color or becomes cloudy

Ask a doctor if you have

- eye pain
- changes in vision
- redness or irritation of the eye after use
- an injury caused by an alkali

To avoid contamination, do not touch the tip of container to any surface. Do not reuse. Once opened, discard.

#### **Keep out of reach of children.**

If swallowed, get medical help or contact Poison control Center right away.

#### **Directions**

- Do not dilute solution or reuse bottle.
- Use only unopened bottle.
- Remove safety seal and cap.
- Avoid contamination of rim of bottle.
- Place rim over affected eye.
- Tilt head backwards.
- Open eyelids wide.

- Thoroughly bathe eye with solution.
- Control rate of flow by pressure on bottle.
- Allow solution to flow away from eye.
- Flush affected area for a minimum of 20 minutes.
- continue flushing with water if necessary.
- Obtain medical treatment.

### Other information

- Not for use as a contact solution.
- use before expiration date marked on bottle.
- Store at room temperature, 5 °C to 35 °C (41 °F to 95 °F).

### Inactive ingredient

Sodium chloride
