

NUFABRX ANKLE SLEEVE- capsaicin cloth
Nufabrx LLC

Nufabrx Ankle Sleeve

Active ingredient

Capsaicin (Nonivamide) 0.12%

Purpose

Topical Analgesic

Uses

For the temporary relief of minor aches and pains of muscles and joints associated with: simple backache, arthritis, strains, bruises and sprains

Warnings

For external use only

Do not use

- If you are allergic to any ingredients of this product or chili peppers, contact a doctor before use (allergy alert)
- On wounds or damages skin
- With, or at the same time as, other external analgesic products
- With a heating pad

When using this product

- You may experience a burning sensation which is normal and related to the way the product works (with regular use, this sensation generally diminishes)
- Do not use immediately before or after activities such as swimming, showering, sunbathing or intense exercise
- Use only as directed
- Avoid contact with eyes and mucous membranes or rashes

Stop use and ask doctor if

- Condition worsens, symptoms persist more than 7 days or clear up and occur again within a few days
- Rash, itching or excessive skin irritation develops

If pregnant or breastfeeding

Consult a healthcare professional before use

Keep out of reach of children

If swallowed, get medical help or contact a Poison Control Center right away

Directions

- Clean and dry affected area
- Remove sleeve from packaging and place on ankle
- Maximum use of 10 hours per day
- Wash separately from other clothing
- Do not wear more than 6 days straight without doctor consent

Other information

Avoid storing product in direct sunlight. Protect product from excessive moisture.

Inactive ingredients

Acrylate copolymer
