#### **Who is Certain Dri® Everyday Strength Clinical for?**

Anyone looking for certainty against odor and excessive sweating.

**Directions:** For maximum protection and efficacy, apply Certain Dri® Everyday Strength Clinical to each underarm before bed. Certain Dri® Everyday Strength Clinical works while you sleep, to help stop sweating before it starts. It can also be reapplied in the morning for an extra layer of freshness and deodorant protection. To reduce the risk of irritation, be sure underarms are completely dry before applying.
