

**PREMIER VALUE MILK OF MAGNESIA- magnesium hydroxide suspension**  
**Pharmacy Value Alliance, LLC**

-----  
**Premier Value Milk of Magnesia USP**

Drug Facts

**Active ingredient**

Magnesium Hydroxide 400 mg per teaspoon (5 mL)

**Purpose**

Antacid/Saline Laxative

**Use**

As an antacid: helps relieve acid ingestion, heartburn and sour stomach.

As a laxative: For the temporary relief of occasional constipation. Bowel movement is generally produced in 1.2 to 6 hours.

**WARNINGS**

**Ask a doctor before use if you have.**

Abdominal pain, nausea, vomiting, kidney disease, are on a magnesium restricted diet, a sudden change in bowel habits lasting longer than 14 days, if you are taking prescription drugs. Antacids may interact with certain prescription drugs.

**Stop use and ask a doctor.**

If you have rectal bleeding or have no bowel movement after using this product. this could be signs of a serious condition, if you need to use a laxative for more than one week. Frequent or prolonged use may result in the dependence on laxatives.

**When using this product.**

As an antacid, do not take more than the maximum recommended daily dose in a 24 hr. period or take the maximum dose for more than two weeks, except under the advice of a doctor. May have laxative effect.

If pregnant or breastfeeding ask a health professional before use.

**Keep out of reach of children.**

In the case of accidental overdose, seek professional assistance or contact a Poison Control Center immediately.

**Directions****(Shake well before use)**

As an antacid: Adults and children 12 yrs. of age and older: 1 to 3 teaspoonfuls with a little water, or as directed by a doctor.
