-----  
**Povidone Iodine, USP Swabsticks**

Active Ingredient

Povidone Iodine USP, 10% w/v

(equivalent to 1% titratable iodine)

Purpose

Antiseptic

Uses

- Health-care antiseptic for preparation of the skin prior to surgery
- First aid antiseptic to help prevent the risk of skin infection in minor cuts, scrapes and burns

Warnings

For external use only.

Do not use or apply in the eyes

- on individuals who are allergic or sensitive to iodine
- over large areas of the body
- as a first aid antiseptic longer than 1 week unless directed by a doctor
- Discontinue use if irritation and redness develop.

Stop use and consult a doctor if the condition persists or gets worse.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

For preparation of the skin prior to surgery clean the affected area, remove swab by the stick, apply to the operative site prior to surgery.

For use as a first aid antiseptic clean the affected area, apply a small amount of this product on the area 1-3 times daily. May be covered with a sterile bandage. If bandaged, let dry first.
