Pramoxine Anti-Itch Creme Rinse With 1% Pramoxine Hydrochloride

Davis Pramoxine Anti-ItchTM Creme Rinse helps to provide rapid, temporary relief from pruritis caused by a variety of dermatologic conditions while renourishing the skin and leaving the coat more manageable. The safe, fast-acting formula contains 1% Pramoxine Hydrochloride which acts as an effective topical agent that aids in alleviating itching and discomfort. Colloidal Oatmeal and moisture-rich emollients condition and nourish the skin and help prevent future dryness and flaking.

Made in the USA

Manufactured by:

Davis Manufacturing

541 Proctor Avenue

Scottsdale, GA 30079

www.davismfg.com

Active Ingredient: Pramoxine Hydrochloride 1.0%

Inactive Ingredients: Purified Water, Cetyl Alcohol, Cetearyl Alcohol & Cetrimonium Bromide, Modified Acrylic Polymer, Germaben II, Cationic Guar Gum, FD&C Yellow #5, Chocolate Dye

DIRECTIONS FOR USE

After shampooing and thoroughly rinsing, apply creme rinse over the entire coat. Rub in Well. Do not get into eyes or nose. Allow creme rinse to be absorbed for 5 to 10 minutes before lightly rinsing. For residual results, do not rinse and use as a leave on conditioner. May be used as often as necessary or as directed by a veterinarian.

If contact with eyes or nose occurs, rinse thoroughly. If irritation or redness persists or increases, discontinue use and consult a veterinarian.

For External Use Only
