

COLD-EEZE- zinc gluconate lozenge
ProPhase Labs, Inc.

Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

Cold-EEZE®
Honey Lemon

Drug Facts

Active ingredient (per lozenge)

Zincum Gluconicum 2x (13.3mg)

Purpose

Cold Remedy

Uses

- to reduce the duration of the common cold
- reduces the severity of cold symptoms: cough, sore throat, stuffy nose, sneezing, post nasal drip and/or hoarseness

Warnings

Ask a doctor before use if you

- are taking minocycline, doxycycline, tetracycline or are on coumadin therapy, zinc treatment may inhibit the absorption of these medicines

Stop use and ask your healthcare practitioner if symptoms persist beyond 7 days.

COLD-EEZE® Lozenges are formulated to reduce the duration of common cold symptoms and may be insufficient treatment for Influenza or Allergies.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

Directions

- adults and children 12 years and over
- for best results, begin treatment at start of symptoms (within 24-48 hours of onset)
- repeat every 2 - 4 hours as needed until all symptoms subside
- completely dissolve a COLD-EEZE® lozenge in mouth (do not chew)
- recommended daily dosage is 6 lozenges for adults and 4 lozenges for ages 12-17
- children under 12 years of age should consult a health professional prior to use

Other information

- avoid minor stomach upset - Do not dissolve COLD-EEZE® lozenges on an empty stomach
- avoid citrus fruits or juices and products containing citric acid 1/2 hour before or after taking COLD-EEZE® lozenges as they may diminish product effectiveness, otherwise, drink plenty of fluids

- store in a cool dry place after opening
- gluten-free

Inactive ingredients

corn syrup, honey, glycine, natural flavors and sucrose. No artificial colors or preservatives.
