Perricone MD Acne Relief Gentle Exfoliating Toner

Drug Facts

Active Ingredient

Salicylic Acid (2.0%)

Purpose

Acne Treatment

Use ■ For the treatment of acne.

Warnings

For external use only.

Keep out of eyes. If product enters the eyes, wash out thoroughly with warm water.

When Using This Product ■ skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- clean the skin thoroughly before applying this product.
- cover the entire affected area with a thin layer morning & evening. No rinsing is needed. Wait until dry before applying treatment or moisturizer.
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Salicylic Acid Acne Treatment

Lactic & Succinic Acids, Salicylic Acid,
Citroline

e 118 mL / 4 US fl. oz.

KEY INGREDIENTS

Lactic & Succinic Acids: At tack Acne-causing Bacteria These short-chain fatty acids help quickly shrink blemishes by working alongside salicylic acid to attack acne-causing bacteria for a healthier skin microbiome. They also provide gentle yet effective exfoliation for smoother, more even-looking skin.

Salicylic Acid: Pore-Minimizing, Anti-Acne Exfoliation. A beta-hydroxy acid (BHA), salicylic acid is a non-prescription treatment for acne & oil-prone skin. It quickly & effectively exfoliates & removes dead skin which can clog pores & cause breakouts. Because it is oil-soluble, salicylic acid is easily absorbed into pores for targeted, more effective results.

Citrulline: Fight Irritation & Visibly Reduce Redness First discovered in watermelon, this alpha-amino acid helps visibly calm skin for a clearer, more even-looking complexion. Nourishing & soothing, it is an ideal way to calm irritation.

Perricone MD AC NE RELIEF Probiotic Acne Therapy is a simple, comprehensive system that works with your surface skin's natural microbiome to safely, gently & effectively treat & prevent the most troublesome acne, while restoring & maintaining a healthy skin balance for clear, radiant, blemish-free skin.

The Gentle Exfoliating Toner can be used both day and night after cleansing to help prep skin for treatment. This pore-minimizing, clarifying formula lifts impurities & removes all traces of oil, dirt & debris for a smoothe, more even-looking complexion. Maximum strength salicylic acid & lactic & succinic acids exfoliate & unclog enlarged pores to clear blemishes, whiteheads & blackheads; as citrulline helps calm & soothe the acne-prone skin. Leaves skin feeling calm, refreshed & invigorated with a healthy-looking, matte finish.

APPLICATION

Saturate a cotton pad & smooth over cleansed face. No rinsing is needed. Wait a few moments until dry before applying treatment or moisturiser. Use morning & evening.
