

**ARNICARE- arnica montana gel**  
**Laboratoires Boiron**

*Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.*

-----

**Arnicare Gel**

**Active ingredient\*\***

Arnica montana 1X HPUS 7%

The letters "HPUS" indicate that the component in this product is officially monographed in the Homeopathic Pharmacopoeia of the United States.

**Purpose\***

Arnica montana 1X HPUS 7% Relieves muscle pain & stiffness, swelling from injuries, discoloration from bruises

**Uses\***

temporarily relieves muscle pain and stiffness due to:

- minor injuries
- overexertion
- falls

reduces symptoms of bruising such as:

- pain
- swelling
- discoloration

**Warnings**

For external use only.

**Do not use if** you are allergic to Arnica montana or to any of this product's inactive ingredients.

**When using this product**

avoid contact with eyes, mucous membranes, wounds, damaged or irritated skin

use only as directed

dryness or irritation may occur

do not tightly wrap or bandage the treated area

do not apply heat or ice to treated area immediately before or after use

**Stop use and ask a doctor if**

- condition persists for more than 3 days or worsens
- symptoms clear up and occur again within a few days

**Keep out of reach of children.** If swallowed, get medical help or contact a Poison Control Center right away.

## **Directions**

Apply a thin layer of Arnicare Gel to the affected area as soon as possible after minor injury. Repeat 3 times a day or as needed. If heat or ice is applied, wait 5 minutes before applying Arnicare Gel.

Arnicare Gel Roll-On (2019)- Shake well before each use. With the applicator facing down, lightly squeeze the tube then roll ball against skin to apply a thin layer of the product to affected area. Massage gently into skin 3 times a day or as needed. If heat or ice is applied, wait 5 minutes before applying Arnicare Roll-on.

Arnicare Gel Roll-On (2023)- Twist roller to the "ON" position and gently squeeze tube to apply a thin layer of product to affected area. Twist roller to the "OFF" position and continue massaging as needed. Repeat 3 times a day. If heat or ice is applied, wait 5 minutes before applying Arnicare Roll-on Gel.

Alcohol, carbomer, purified water, sodium hydroxide

## **Other information**

do not use if glued carton end flaps are open or if the tube seal is broken

do not use if pouch is torn or open

**Drug Facts**

Active ingredient**	Purpose*
Arnica montana 1X HPUS 7%	Relieves muscle pain and stiffness, swelling from injuries, discoloration from bruises

The letters "HPUS" indicate that the component in this product is officially monographed in the Homeopathic Pharmacopoeia of the United States.

**Uses\***

- temporarily relieves muscle pain and stiffness due to minor injuries, overexertion, and falls
- reduces pain, swelling, and discoloration from bruises

**Warnings**

**For external use only.**  
Avoid contact with eyes, mucous membranes, damaged skin, or wounds. **Do not use** if you are allergic to Arnica montana or to any of this product's inactive ingredients.  
**When using this product**  
■ use only as directed  
■ do not tightly wrap or bandage the treated area  
■ do not apply heat or ice to the treated area immediately before or after use.  
**Stop use and ask a doctor** if condition persists for more than 3 days or worsens.  
**Keep out of reach of children.**  
**If swallowed,** get medical help or contact a Poison Control Center right away.

**Directions**

Apply a thin layer of Arnica Roll-on to affected area and massage gently 3 times a day or as needed. If heat or ice is applied, wait 5 minutes before applying Arnica Roll-on.

\*CLAIMS BASED ON TRADITIONAL HOMEOPATHIC PRACTICE. NOT ACCEPTED MEDICAL EVIDENCE. NOT FDA EVALUATED.
