Do not use

- on wounds ● irritated or damaged skin ● sensitive skin
- with a heating pad ● if pregnant
- with, or as the same time as, other external analgesic products
- if allergic to aspirin or salicylates
- if allergic to any ingredients of this product

When using this product

- avoid contact with the eyes
- do not bandage tightly
- do not apply to wounds or damaged skin
- do not use more than 3 plasters a day
- do not use 1 hour before or after bathing

Stop use and ask a doctor if

- condition worsens
- symptoms persist for more than 7 days
- symptoms clear up and occur again within a few days
- excessive irritation of the skin develops
- rashes, itching or redness are present
- side effects occur.

If pregnant, ask a health professional before use.

Keep out of reach of children to avoid accidental poisoning.

In case of overdose, get medical help or contact a Poison Control Center right away.

Do not use otherwise than as directed.

Directions

- Adults and children 12 years of age and older: clean and dry affected area. Remove plaster from the protective layer, apply to the affected area, rub the area with your hand to secure the patch.
- Plaster will remain effective for 8 hours.
- Avoid using the same patch on the same area for more than 2 days.
- Do not apply to area with excessive hair. Adhesive plaster may hurt skin upon removal.
- Wet patch with warm water before removing from skin.
- Children under 12 years of age: Do not use or consult a doctor.

Other Information

- Store unused patch in the pouch
- Store at room temperature, 20 to 25°C (68 to 77°F)
