Drug Facts

sodium chlorite

citric acid, water

Disinfectant · Deodorizer

KEEP OUT OF REACH OF THE CHILDREN

How to Use (How to Activate)

- The stick contains a main liquid solution and an ampoule inside that includes active ingredients in powder form.

Bend the middle part of the stick to break the ampoule.

Once the ampoule inside the stick cracks, sufficiently shake the stick to mix the powder with the solution well.

As it turns yellow, the stick is activated and the pure chlorine dioxide is released through the surface of the stick.

After 3~4 weeks of usage, the stick will turn transparent which indicates that it is no longer effective. Please dispose the used stick into a general trash bag.

- For external use only.
- Do not use in eyes.
- If swallowed, get medical help promptly.
- Stop use, ask doctor if irritation occurs.
- Keep out of reach of children.

for external use only

PACK SOLID

Item Disinfectant, Deodorant **Item name** Dr. Guard Pack Solid **Type** Solid **Net Weight** 3g **Expiration Date (EXP)** Separate Marking (DD.MM.YY) **Manufacturer** JBK FORMS Co., Ltd. **Seller** CARITAS Health Solutions International Inc. **Country of Origin** Republic of Korea [MADE IN KOREA] **Custmer Center** : 1-844-323-2274
