SINUS WASH SQUEEZE BOTTLE KIT

Unique soft tip provides greater comfort

Use only distilled water, or filtered water (using a filter with an absolute pore size of 1 micron or smaller), or previously boiled water (boil water 1 minute or 3 minutes if above 6,500 feet, then allow to cool to body temperature).

Nasal washing alleviates symptoms caused by allergies, sinus infections, dry air, nasal congestion, post-nasal drip and rhinitis of pregnancy. It has been clinically proven to provide effective relief for uncomfortable sinus and nasal conditions and promote better breathing.

The unique Soft Tip Nasal Wash Bottle uses saline solution and positive pressure to wash nasal passages. The soft tip provides more comfort and a better seal.

Nasal washing is all-natural and is safe for both children and adults, including pregnant and nursing mothers and people taking other medications.

- Doctor developed, medically proven
- Unique Soft Comfort Tip
- Includes 30 all-natural saline packets
