Menthol 5%

Topical Analgesic

For the temporary relief of minor aches and pains of muscles and joints associated with arthritis, simple backache, sprains, bruises and strains.

For external use only.

Do not use:

- on wounds or damaged skin
- with a heading pad

Ask a doctor before use if you are:

- prone to allergic reactions to salicylates, including aspirin
- using a product on a child under 12 years of age

When using this product:

- avoid contact with eyes and mucous membranes
- use only as directed
- do not bandage tightly

Stop use and ask a doctor if:

- Condition worsens
- If symptoms persist for more than 7 days or clear up and occur within a few days
- Excessive skin irritation occurs

If pregnant or breast feeding, ask a health professional before use.

Keep out of reach of children. If swallowed get medical help or contact a poison control center right away.

Directions:

- Adults and children 12 years of age and older: apply to affected area not more than 3 to 4 times daily
- Children under 12 years of age: consult a physician
- Apply generously and massage into affected area until completely absorbed
- Apply before and after sports or exercise to help soothe aching muscles and muscle strain
- Repeat as needed up to four times per day

Store at 20 to 25 degrees Celsius (68 to 77 degrees F)
