Bronzing Duo réchauffe délicatement votre teint tout au long de l'année d'un hâle doré très naturel. Sa formule associe les bienfaits du végétal à la pureté du minéral pour une affinité parfaite avec la peau. Les harmonies déclinées sont composées de deux intensités de teintes, s'estompant et se nuancant à l'envie pour moduler l'effet soleil. SPF 15.  
 Testé dermatologiquement.

CONSEILS D'UTILISATION : appliquer libéralement. Réappliquer si nécessaire.

ATTENTION : usage externe uniquement, ne pas avaler. Eviter tout contact avec les yeux. Arrêter l'utilisation si des irritations ou des rougeurs apparaissent.
