**Recommend this revolutionary silicone technology because it delivers healthy comedical ingredients to the skin and body while increasing circulation.*
— Dr. David Jaatsky, Chairman of The CORE Institute

FITTING INSTRUCTIONS: Measure around the smallest part of the ankle, and around the widest flare of the calf. Then measure the length of your leg from the heel at the floor to the bend in the knee. For best results use ankle and calf circumference chart. A health care professional should be consulted to evaluate, diagnose and recommend appropriate compression therapy.

SKINEEZ Sock Size	Women's Shoe Size	Men's Shoe Size	CIRCUMFERENCE
