-----

**ACTIVE INGREDIENT**

Omega-3 Fatty Acid, Betula Pubescens Bark, Betulin, Clinoptilolite

**PURPOSE**

Topical hoof putty to help with most common hoof related issues

**USE**

**Equine One Hoof Mender Putty** is a unique restorative hoof putty based on Birch Bark Extract, Betulin, Clinoptilolite, Omega 3 with Vitamins A & D for professional care of horses' hooves. It is a non-caustic product easily applied to the white line, hoof wall separations, and the hoof frog.

- Restores strong and healthy hooves in all weather conditions
- Maintains a germ-free hoof environment-helps avoid crumbling horn, white line disease, and thrush
- Non-irritating and safe to apply without wearing gloves
- The product does not dry out, but keep container tightly closed when not in use
- Can be used under pads to keep soles and frogs in healthy condition
- Can be used for horses, ponies, donkeys and other hooved animals
- Made with a non-caustic formulation—contains no copper sulfate, no harmful or petroleum-based products
- Please note the equine care product is for hoof use only.
- The product has a distinctive smoky smell

**WARNINGS**

**FOR HOOF USE ONLY**

Keep out of reach of children and pets.

Avoid contact with eyes.

In case of contact, immediately flush eye with plenty of water.

Avoid excessive inhalation.

Do not freeze (store at min. 34°F / 1°C).

Not for human use or consumption.

In all cases involving hoof conditions, diseases, or injuries, your veterinarian along with your farrier are your best sources for information about your horse & their particular circumstances.

## Application

Thoroughly clean the hoof of visible mud, and a towel dry before application

If barefoot, apply the product twice per week to areas of concern (old nail holes, wall defects, cracks etc.)

If shod, pull shoes off and apply during each shoe reset. Should also be applied prior to resetting the shoes

Use regularly as a preventative.

## Product Label

**RECOMMENDED USE:**  
Equine One Natural Hoof Mender Putty is a restorative hoof putty that promotes healthy tissue growth and maintains strong, healthy hooves in all weather conditions.

**APPLICATION:**

- Thoroughly clean the hoof of visible mud and towel dry before application
