PainElimin is an extra-strong pain relief gel to help with the temporary relief of minor aches and pains of muscles, and joints associated with simple backache, arthritis, strains, bruises, and sprains. PainElimin contains 25 herbal extracts that are compounded based on a traditional Swiss formula. The massage with the gel induces strong perfusion, increasing the effect of the active substances and speeding up the recovery. The main herbs are:

Horse chestnut – Which contains active substances such as aescin, tannins, and flavonoid glycosides. These components increase vessel walls elasticity, encourage circulation and venous discharge, and eliminate swelling.

Comfrey – The main ingredient is allantoin, which supports regeneration of tissue.

Common juniper – Activates the lymphatic system, helping remove toxic substances. It effectively speeds up regeneration.

Comfrey
Horse chestnut
Juniper
Mountain Arnica
Rosemary
Thyme
Marigold
Wild chamomile
Peppermint
Baikal skull-cap
Common agrimony
Eucalyptus
Purple coneflower
Lavender
Lemon extract
Grapefruit extract
