HB Copper CB
Liquid Copper Hoof Bath Solution

Dispose of contents/container to an approved waste disposal plant.

Very toxic to aquatic life with long lasting effects. Avoid release to the environment. Collect spillage.

DANGER / Keep Out of Reach of Children

First Aid:

IF SWALLOWED: Rinse mouth. Call a POISON CENTER or doctor/ physician if you feel unwell.

IF ON SKIN (or hair): Wash with plenty of water.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/ protective clothing/ eye protection/ face protection. Take off contaminated clothing and wash it before reuse.

Store above 32 °F (0 °C). If frozen, thaw and mix back into solution. Product quality will not be affected.

DIRECTIONS:

Mix 3 gallons of HB Copper CB with 50 gallons of clean water to create final solution for use in footbaths for cattle.

For best results:

Cattle hooves need to be clean prior to walking through the footbath solution to allow complete and effective contact with the hoof.

Solution should be changed after 400-600 cow passes.

Use in conjunction with a total hoof care program including proper hoof trimming, attention to cow comfort and sanitation, correct nutrition and proper footbath management.

Footbath treatments are recommended every other day at a minimum as a good management practice for maintaining healthy hooves.

Active Ingredient – copper sulfate, pentahydrate.....19.0%

Inactive Ingredients – organic acids, surfactant, dye, water.....81.0%
