Directions

Soak the corn or warts with warm water for 5 minutes. Install the brush into the bottle cap, press tightly, and tighten the bottle cap.

Dry the skin and open the lid, dip the liquid, and apply it on the wart or corn with the brush, wait for a mask to form, then apply the liquid again. Use twice during day and twice at night. Use it for 2 weeks until the skin recovers its health. If corns or warts are big, it may take a longer time.
