DIRECTIONS FOR USE
See information leaflet with complete directions on how to use and obtain best results.

1: PREP HANDS WITH COLD WATER
Rinse your fingers in cold water and dry them. **Note:** foam will melt on contact with warm surfaces.

2: OPEN CHILD RESISTANT CAP
Be sure to flip arrow on the cap with arrow on white ring. Flip cap back and pull off.

3: DISPENSE VERTICALLY ONTO A COLD SURFACE
Hold the can straight upside down. If you hold the can at an angle, foam may not dispense properly. Press nozzle to dispense half a capful of foam onto a **cool** surface (e.g. dish, or cold hands).

4: APPLY TO SCALP, NOT HAIR
Part your hair to expose hair loss area. Massage foam into scalp, not hair. Repeat until all hair loss areas have been covered.

5: CLOSE CAP AND WASH HANDS
Snap cap back into place. Be sure arrows do not line up, so cap remains child resistant. Wash hands and any surface thoroughly after use.

Read and keep package and leaflet for full product information.
