**SPAI-SONS PROCAPELL**

Biotin is a major component of the formulation acts to strengthen the hair follicle and prevents hair loss as well. It is nutrient for the hair root and helps oxygenate the hair turn slowing the loss. Provides resilience and resistance to hair. Addition of biotin are other ingredient such as apigenin, biotinoyl tripeptide-1 and ginkgo extract which help strengthen the hair follicle and produce a synergistic action on it.

A biotechnological product that accelerates the cellular biodynamics to slow down hair loss.

1. Delays the aging process of the capillary follicle and accelerates its growth
2. Strengthens hair stem and stimulates hair growth
3. Repairs and protects the structure of the hair follicle, prolonging hair life.

This product must be keep out reach of children

This product is for topical application directly on the hair follicle

Avoid contact with eyes, if they do wash with water. If swallowed contact a physician immediately

Recommended use: slow down hair loss; accelerates growth and increments hair recovery.

Directions: apply every 12 hours on scalp and activate tapping softly with fingertips.

This is a liquid product prepared with the technology needed to provide the hair follicle absorption of the active ingredients, plus inactive ingredients contribute to the regeneration of the hair fiber by providing a strengthening therefore. No adverse effects were seen with the use of this product as inactive ingredients do not cause skin hypersensitivity
