

AMERICAN INFECTION CONTROL ANTISEPTIC BODY WIPES- alcohol cloth
American Infection Control, Inc.

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

DRUG FACTS

Active Ingredient

Ethyl Alcohol 62% (v/v)

Purpose

Antiseptic

Uses:

For cleansing of exposed areas of the body to decrease bacteria on the skin after assisting ill persons or after athletic competition involving direct skin contact, or swimming / bathing in water that has not been pre-treated for bacterial contamination, or any other activity where exposure of the skin to germs may be of concern. Not for use on intimate parts of the body, as the alcohol may sting or cause inflammation.

For external use only.

- Do not use in eyes. In case of eye contact, immediately flush with water and seek medical advice.
- Not for use on broken or irritated skin, unless recommended by a health care professional for wound or first aid cleansing.
- Discontinue use and seek medical attention if skin irritation or redness develops.

Keep out of reach of children.

If swallowed, get medical help or contact a poison control center immediately.

Directions:

Remove lid and seal. Open cap. Thread center towelette through lid. Pull up straight to remove towelette. Wipe hands and wrists thoroughly. Close cap and dispose towelette appropriately. After first use continue to dispense towelettes until canister is empty.

FLAMMABLE. KEEP AWAY FROM HIGH HEAT OR DIRECT FLAME

Inactive Ingredients:

Aloe Barbadensis Extract, Propylene Glycol, Purified Water.
