BLISS GVS HEMORRHOIDAL - Phenylephrine Hcl Suppository

Drug Facts

Active ingredient

(in each suppository)

Phenylephrine HCl 0.25%

Purpose

Vasoconstrictor

Uses

- helps relieve the local itching and discomfort associated with hemorrhoids
- temporarily shrinks hemorrhoidal tissue
- temporarily reduces the swelling associated with irritation in hemorrhoids and other anorectal disorders

Warnings

For rectal use only

Ask a doctor before use if you have

- heart disease
- high blood pressure
- thyroid disease
- diabetes
- difficulty in urination due to enlargement of the prostate gland

Ask a doctor or pharmacist before use if you are

presently taking a prescription drug for high blood pressure or depression

When using this product do not exceed the recommended daily dosage unless directed by a doctor

Stop use and ask a doctor if

- bleeding occurs

- condition worsens or does not improve within 7 days

If pregnant or breast-feeding, ask a health professional before use

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- when practical, cleanse the affected area by patting or blotting with an appropriate cleansing wipe.
- gently dry by patting or blotting with a tissue or a soft cloth before insertion of suppository.
- detach one suppository from the strip
- separate the two tabs of the white plastic wrap
- with thumb and forefinger of each hand, grasp the tabs and peel downward, unwrapping the suppository
- insert one suppository into the rectum

adults and children 12 years and over: insert one suppository into the rectum up to 4 times daily, especially at night, in the morning or after each bowel movement

children under 12 years of age: ask a doctor

Other information

store at 20-25°C (68-77°F)
