Blistex® Stridex® Spot and T-Zone Acne ClearGel

Drug Facts

Active ingredient

Salicylic acid 2.0% (w/w)

Purpose

Acne medication

Uses

- for the treatment of acne
- reduces the number of acne pimples and blackheads and allows skin to heal
- helps prevent new acne pimples from forming

Warnings

For external use only

Allergy alert:

do not use this product if you have a known allergy to salicylic acid

When using this product

- skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- clean the skin thoroughly before applying this product
- cover the entire affected area with a thin layer one to three times daily
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day
- keep away from eyes, lips and other mucous membranes

Inactive ingredients

aloe barbadensis leaf juice (decolorized), citric acid, ethylhexylglycerine, hamamelis virginiana (witch hazel) water, phenoxyethanol, purified water, PVM/MA decadiene crosspolymer, sodium borate, sodium hydroxide, tetrasodium EDTA

STRIDEX
SPOT & T-ZONE
ACNE CLEARGEL

Stridex Spot & T-Zone Acne ClearGel is designed for particularly acne prone areas like the T-Zone in order to prevent breakouts and clear up existing blemishes. The salicylic acid in Spot & T-Zone Acne ClearGel unclogs pores and allows skin to heal. The ClearGel formula doesn't leave a residue like some heavy cream formulas, making it perfect for use anytime.

Adding ClearGel to a daily routine including Stridex Pads provides a dual approach in the fight against acne. Stridex Pads give extra cleaning, removing dirt and oil that face washes and soaps don't get. Spot & T-Zone ClearGel takes care of the areas needing the most attention.

Invisible On Skin.

STRIDEX[®]

SPOT & T-ZONE

ACNE CLEARGEL

What is a "T-Zone"?

The T-Zone is the part of your face that includes the forehead, temples, nose and chin. It is called the T-Zone because it is shaped like the letter 'T'.

What makes the T-Zone different from other parts of the face?

Skin in the T-Zone is particularly susceptible to excess sebum production, which can clog pores and lead to acne.
